

**Competition tunes**  
**Create your own personal soundtrack**  
**Presented by Henning Drath**

## **Free online seminar for young competition riders on January 5<sup>th</sup>, 2021**

### **Let's hit the right notes for a better score!**

Presented by Henning Drath's BEAT IN MOTION project and supported by FEIF, this seminar on January 5, 2021, for young competition riders (up to 26 years) serves the purpose of providing you and your horses with your very own and individually customized personal soundtrack. Something that fits your look, your style, your musical taste ... and that will also help guide the perception of the judges and the audience toward a more harmonious overall performance. What songs can help? Which are counterproductive? Why might one song for your whole program be more beneficial than a patchwork of multiple tracks? ... or the contrary? Join us this winter to get ready for the 2021 season. Together, we will re-imagine your competition experience in tune with great acoustics!

The FEIF-Youth Committee is very happy to win Henning Drath for this amazing, free online seminar.

**Join us on January 5<sup>th</sup>, 2021 for free – to register please send name, email address and your age to:**

**[Kirsten-Schuster@web.de](mailto:Kirsten-Schuster@web.de) (member of the FEIF-Youth Committee), you will then receive further information.**
